Personal

Hey there! I'm a second-year student in Digital Design and Graphic Arts (DN MADE) and currently looking for a 3-month internship from April to June.

I'm curious and passionate about experimenting with new techniques and media, with a strong interest in editorial design and layout, inspired by David Carson's work in RayGun. I'm also interested in textiles and jewelry, admiring Iris Van Herpen's creations and John Galliano's pieces for Margiela. For more details, feel free to check out my website!

Experiences

Graphic designer
Fontenay-le-Fleury City Hall

July 2024
